

A Seamless combination of both form and function, the ClearTouch kiosk will bring visual impact to any situation. Successful in applications ranging from customer orientation to e-learning, this popular design will give your customers the ability to independently find the information that they need through interactive touch screen systems.

This striking unit is ideal in situations where floor space is limited. Edge lit technology ensures the ClearTouch does not go unnoticed. Its transparent, curved Perspex centre panel, which can carry corporate branding, creates a distinctive impression in exclusive locations. This kiosk is up to the challenges of a high-use public environment.

The ClearTouch Point of Information Kiosk can be customised with a range of peripherals to ensure a best fit solution for your organisation.
